Tall Shaped Taper Coffee	Chrome 7”	Oak Finish
Walnut Arizona Leg		

Warranty

Frame – Limited Lifetime: The structural integrity of Creative Leather Furniture-built product begins with the frame. Precision-cut wood frame parts are made from kiln-dried lumber and hardwood laminates to resist warping, cracking and structural failure. Joints are “double-blocked” for long-term stability. All connecting surfaces are glued, stapled and power screwed for added strength and dependability, making our frames among the strongest in the industry. The frame is warranted for life against manufacturing and material defects, under normal use and conditions.

Suspension – Limited Lifetime: The comfort of a Creative Leather Furniture product begins with the suspension system. We utilize the most admired and time-tested methods of suspension construction to provide incomparable support, comfort and longevity. The Creative Leather Furniture suspension system is warranted for life against manufacturing and material defects under normal use and conditions.

Seat Cushions – Limited Lifetime: Our designers have engineered the seating environment to best fit the essence of the frame style. Whether the seats are composed of our hand-formed foam cushions, High Resilience polyurethane foam cores, luxurious down/feather duvet or our custom innerspring cores, we guarantee them to be free of material/manufacturing defects for the life of the product under normal use and conditions.

It is the customer’s obligation to rotate their removable cushions to ensure even wear. The customer must use care when removing seat cushions so as not to cause undue wear on the decking material under the cushions. With usage, seat cushions will soften naturally over time. A normal loss of resiliency is not a defect and would be excluded from this warranty.

Stitching – Limited Lifetime: We guarantee that the stitching on our leather furniture will be free of manufacturing defects for the life of the product under normal use and conditions.

Reclining Mechanisms – Limited Lifetime: The reclining mechanism is warranted to be free of manufacturing defects for the useful life of your product under normal conditions and based on reasonable use for 2 years.

Sleeper Mechanisms – Limited Lifetime: Your sleeper mechanism is guaranteed to be free of manufacturing defects for the life of your product under normal conditions and based on reasonable use.

Sleeper Mattress – One Year: Creative Leather Furniture offers the Air Dream brand mattress for standard-sized and queen-sized sleeper applications. The Air Dream air mattress, air chamber and air chamber valve is warranted to the original owner for a three-year period and the inflator is warranted for a one-year period. The Air Dream is designed and intended for temporary use. It is not warranted for use as a primary sleeping surface. This warranty only covers defects in material or workmanship.
